

Dear visitors of the AES Bulgaria website,

It is with great pleasure that I welcome you to the AES Bulgaria website.

In line with our company's global mission to improve lives by providing safe, reliable and sustainable energy solutions in every market the company serves, AES Bulgaria is a committed, long-term, reliable and innovative investor in Bulgaria.

AES entered the Bulgarian market in 2006 and has been contributing since then to the development and modernization of the energy sector. Today, AES Bulgaria is one of the largest investors in the country, with close to EUR 1.6 billion invested to date, and is recognized as one of the leading companies in the energy sector. AES Bulgaria currently operates renewable and thermal power generation assets with a total installed capacity of 846 megawatts (MW). In the municipality of Kavarna, AES Bulgaria operates a 156 MW Wind Park in known as St. Nikola Wind Farm. The company also operates a 690 MW thermal power plant in the municipality of Galabovo, known as AES Galabovo. The plant, which uses local fuel thereby enhancing the energy independence of the country, meets the highest requirements for safety and environmental protection and is considered to be the most efficient and cleanest fossil fuel power plant in Bulgaria. It also features a state of the art Waste Disposal Facility which is considered to be the best in all South East Europe. Lastly, AES also chose the capital of Bulgaria, Sofia, to open its EMEA Service Center, which provides services for all of AES' businesses located in Europe, Middle East and Africa.

We are also proud to contribute to the socio-economic advancement of Bulgaria not only through the service that we provide but also through diverse Corporate Social Responsibility (CSR) programs and our commitment to our employees. Our company's success and achievements are made possible by combining local insight, team effort and a highly competent and dedicated workforce who works passionately to ensure operational excellence in providing electricity to our customers.
